

CAFTfest 2023

2,000 children attended one of 6 accessible festivals over the weekend of Friday 30th June - Sunday 2nd July

"I would just like to thank you and all the volunteers for a very special day on Sunday at CAFTfest. Everybody went above and beyond to make sure our girls were safe and happy. To be around entertainers who signed and who completely understood the sensory needs of our children, they just knew when to approach and when not to!! It was just fabulous. Can't thank you enough."

...music, comedy, story-telling and magic...

"We had an absolutely amazing time at CAFTfest, my children loved it and all the activities they did. Their favourite was the dancing at the disco in the woods and they also loved the signing in the tent."

...learning new skills and winning prizes!

"My 2 sons absolutely loved it! We're regular visitors to CAFT so very much appreciate this wonderful place. My boys enjoyed toasting marshmallows, playing the instruments, having a go on the balance beam and spinning plates, and my youngest was brave enough to tell a joke on stage at the kids comedy corner."

"Amazing facility and amazing volunteers always happy to help. It's nice to visit a place where there's no judgement and the children can be children."

...getting messy...

"We have visited CAFT this weekend for our first ever festival!! WOW!! my boys had an incredible day, from start to finish their day was fun-filled!! The staff and volunteers did an amazing job, there was something for everyone and all the families were very happy! It's hard to access provisions and we feel like people are very judgemental, but CAFT is welcoming and friendly and such a safe space!! "

...having fun and making memories.

Thanks to your support, each and every child was given the opportunity to simply have fun. To play, to laugh and to make memories which will last a lifetime.

THANK YOU!
