## FEEDBACK

### ROSEBANK SCHOOL VISIT

"The children loved it and staff were so impressed by the care and attention given by your staff. The day visit and overnight visit have also encouraged some of our families who struggle to get out as a family to visit you again over Easter. Our children have really grown in confidence, particularly through the overnight trip - it is such a milestone for them. One child who has never before had a night away from parents is now going to sleep over at his grandparents, thanks to his CAFT trip"
